Patrick L. Remington, MD, MPH, Ross C. Brownson, PhD, Mark V. Wegner : Chronic Disease Epidemiology, Prevention, and Control before purchasing it in order to gauge whether or not it would be worth my time, and all praised Chronic Disease Epidemiology, Prevention, and Control:

Chronic Disease Epidemiology and Control, Fourth Edition provides an overview of current knowledge and best practices in the prevention and control of major chronic diseases and their risk factors. Chapter authors highlight many

public health successes in which evidence-based interventions have resulted in improved health and the reduction or elimination of disparities. This book tackles some of the most important and vexing public health problems of our time, including how to cope with the rising tide of chronic illness.
