**Louis T. Mariano, Sheila Nataraj Kirby, Christine Eibner, Scott Naftel : Civilian Health Insurance Options of Military Retirees: Findings from a Pilot Survey (Rand Corporation Monograph)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Civilian Health Insurance Options of Military Retirees: Findings from a Pilot Survey (Rand Corporation Monograph):

Pilot survey results on military retirees offer the Department of Defense (DoD) useful information on retirees' health care status, enrollment in civilian health care plans, and reliance on Tricare, the DoD sponsored health insurance.

Higher premiums for civilian health insurance may be increasing retirees' reliance on Tricare, which in turn may be causing DoD health care spending costs to rise.

From the Inside Flap  
Results of a pilot survey (in early 2006) of military retirees offer useful information on retirees' health care status, enrollment in civilian health care plans, and reliance on TRICARE, the Department of Defense-sponsored health insurance.  
About the Author  
Sheila Nataraj Kirby (Ph.D., Economics, George Washington University) is a senior economist at RAND in Washington DC.
