Clinical Applications of Respiratory Care, 4e before purchasing it in order to gage whether or not it would be worth my time, and all praised Clinical Applications of Respiratory Care, 4e:

1 of 1 people found the following review helpful. Gold Standard By Anonymous Cajun Gold standard of easy-to-read clinical text books. I bought the first edition when I was in Respiratory Therapist training in college way back in the '70's. This one is of equal quality. 0 of 0 people found the following review helpful. Excellent reference to support study of the current editions of Egan, etc. By Phil Finch Later editions have more contributors. Shapiro is (was) amazingly to the point. 0 of 0 people found the following review helpful. Five Stars By Rah Kee Young Excellent

Northwestern University Medical School, Chicago, IL. Clinical textbook/reference for respiratory therapy students and practitioners. 5 Contributors. DNLM: 1. Respiratory Care Units.
