**William J. Malley : Clinical Blood Gases: Assessment Intervention:2nd (Second) edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Clinical Blood Gases: Assessment Intervention:2nd (Second) edition:

0 of 0 people found the following review helpful. Does it's job!!By Ashley BrownThe book came quickly after ordering. It's exactly what I was looking for as far as my Respiratory therapy program is concerned. There was quite a bit of highlighting, as I was expecting a new book. It was used, which ended up being just fine. I'm able to use it and it is only a rental so no major complaints about that.0 of 0 people found the following review helpful. Five StarsBy EmmansThis book helps to follow up and understand the information from my lectures well0 of 0 people found the following review helpful. Five StarsBy jhezamit was so excellent i love it and i recommend this 4Y
