An Evolve Course Management System is available, allowing instructors to customize their own course content, conduct interactive exercises with students, and much more. This book's amazing content coverage offers a wealth of useful material, including illustrations, tables, examples, and case studies. This new edition is up-to-date with the latest in technology and information, ensuring the most current information is available. New figures and tables enhance the understanding of chapter material. The addition of an NBRC (National Board of Respiratory Care) Challenge at end of each chapter helps readers learn, understand, and put the information together to master the subject. The incorporation of two new On Call Cases per chapter provides further opportunity to practice clinical application of content learned, as well as helping readers utilize their critical thinking skills. Reorganized and improved table of contents presents the material in a more logical, efficient manner.
