From Brand: LWW : Clinical Contact Lens Practice before purchasing it in order to gage whether or not it would be worth my time, and all praised Clinical Contact Lens Practice:

0 of 0 people found the following review helpful. Clinical Contact LensBy lvmoptMust have book for optometry, ophthalmologist, or optician in training. Well written and useful for later review as we forget.

This comprehensive text and reference addresses the full scope of contemporary contact lens science and practice. With two expert editors and 100 first-rate contributors, the book presents practitioners and students in optometry and ophthalmology with key facts on corneal anatomy, recent research, contact lens design, patient evaluation, clinical applications, patient education, and complications of contact lens wear. More than 600 illustrations complement the text. Clinical Contact Lens Practice will be the standard text for required contact lens courses and will be an invaluable

everyday reference for practitioners.
