Reinforce the textbook with online learning! With media-rich content that corresponds to and enhances Bonewit-West: Clinical Procedures for Medical Assistants, 7th Edition, this complete online course combines interactive content, practice, and assessment. Students interact with a variety of patient cases while getting on-the-job experience performing the same competencies they are expected to master to successfully graduate. The course correlates to CAAHEP and ABHES clinical competencies. Many patient scenarios are included, with tasks such as taking vital signs, administering medications, and performing a venipuncture. Modules direct students to read from the text and answer review questions to reinforce understanding. First-person virtual mentoring simplifies and personalizes instructions from the virtual supervisor. Training Activities challenge students to apply skills, allowing them to practice competencies in a safe environment. A self-evaluation checklist allows students to mark off lesson objectives they've

mastered or review content for those requiring more study. Quick Review questions allow students to check their comprehension, stay engaged, and learn from feedback. Lounge Talk lets students review what they've learned from each lesson with their supervisor/mentor. Lesson quizzes and module exams let students demonstrate their mastery of the content, with automatic scoring and calculation of grades. Pop-up boxes include in-depth explanations, oversized figures, or paperwork forms actually used on the job. A glossary provides definitions and audio pronunciations, each term linked to relevant locations in the online content. Discussion board topics and assignments are posted online, saving the instructors time in preparation. The Evolve course management system saves time with automatic scoring and a grade book for the instructor, and improves class communication with real-time chat, calendar, e-mail, and bulletin board.
