Jack J. Kanski MD MS FRCS FRCOphth : Clinical Ophthalmology: A Test Yourself Atlas, 2e before purchasing it in order to gage whether or not it would be worth my time, and all praised Clinical Ophthalmology: A Test Yourself Atlas, 2e:

0 of 0 people found the following review helpful. Five StarsBy Joni Boumaexcellent book6 of 8 people found the following review helpful. GREAT STUDY GUIDE FOR OPTOMETRY STUDENTSBY A CustomerThis is a great book to review for boards as well as brush up your knowledge in various areas of the study of optometry/ophthalmology

A unique problem-based learning tool that combines a quick-access question and answer format with the lavish illustrations of an atlas. The questions use varying formats to maintain diversity and interest. It's handy yet thorough, providing differential diagnosis and practical advice - truly invaluable for any student with forthcoming exams.A must-

have for examination success! A self-assessment text to accompany *Clinical Ophthalmology*, in an easy-to-use question and answer format. Written by the leading author in the field. Updated and revised with new illustrations and questions and answers. Tests the candidate's knowledge in six different clinical areas.
