**Kathryn Booth, Leesa Whicker, Donna Pugh, Sharion Thompson, Terri Wyman : Clinical Procedures for Medical Assisting with Student CD** before purchasing it in order to gage whether or not it would be worth my time, and all praised Clinical Procedures for Medical Assisting with Student CD:

0 of 0 people found the following review helpful. Five StarsBy Yoselli GonzalezVery good

Clinical Procedures for Medical Assisting, Third Edition addresses the most current competencies for medical assisting certification, CPR procedures, HIPAA regulations, OSHA guidelines, and clinical diagnostic testing such as hemoglobin A1c (diabetes) testing. It also includes coverage of procedures. It trains students on clinical procedures, infection control, anatomy and physiology, assisting with patients, medical emergencies and first aid, laboratory procedures, nutrition, pharmacology, diagnostic equipment, and much more.

About the Author Terri started her medical career as a CMA for a solo internal medical practitioner with a sub-specialty in hematology/oncology. Her interest in the administrative side of medicine blossomed when she accepted a position as home care coordinator for a homecare/DME provider. After 18 years in the medical field, a teaching opportunity presented itself and she began her career as an educator of medical assisting students, eventually becoming the director of the program. She then assisted with the creation, development and supervision of medical billing and coding programs at two separate technical schools in Massachusetts and Connecticut. She currently has returned to the medical field as the financial applications analyst at Wing Memorial Hospital in Palmer Massachusetts. She is delighted to have had the opportunity to work with McGraw-Hill and their author teams on several projects. She would like to thank Dale, Mom, Mari Lou and all of her extended family for their continued love and support.
