**Joy Higgs AM BSc MHPEd PhD NSW PFHEA, Mark A Jones BSc(Psych) Cert Phys Ther Grad Dip Advan Manip Ther MAppSc(Manip Ther), Stephen Loftus PhD MSc BDS, Nicole Christensen PT PhD MAppSc :** **Clinical Reasoning in the Health Professions, 3e** before purchasing it in order to gage whether or not it would be worth my time, and all praised Clinical Reasoning in the Health Professions, 3e:

1 of 1 people found the following review helpful. Five StarsBy Rodrigo RochaThe Bible of Clinical Reasoning. Rodrigo Rocha PT, MSc, MD0 of 0 people found the following review helpful. Four StarsBy DelVery comprehensive resource and great for distance learning students.1 of 3 people found the following review helpful. Good document for reviewBy ChirojI got this book because I have been assigned to teach postgraduates about critical thinking including clinical reasoning in their practice. After review, I found it's really comprehensive and concise to understand how health professionals make clinical decisions and solve problem in daily lives. However, someone needs to have basic

philosophy of education.

Clinical reasoning is the foundation of professional clinical practice. Totally revised and updated, this book continues to provide the essential text on the theoretical basis of clinical reasoning in the health professions and examines strategies for assisting learners, scholars and clinicians develop their reasoning expertise. Key chapters revised and updated. Nature of clinical reasoning sections have been expanded. Increase in emphasis on collaborative reasoning. Core model of clinical reasoning has been revised and updated.
