Richard D. Branson MSc RRT, Neil R. MacIntyre MD, Thomas R. Moore MDMD : Community-Acquired Pneumonia, An Issue of Respiratory Care Clinics, 1e (The Clinics: Internal Medicine) before purchasing it in order to gage whether or not it would be worth my time, and all praised Community-Acquired Pneumonia, An Issue of

Respiratory Care Clinics, 1e (The Clinics: Internal Medicine):

Community-acquired pneumonia is an illness with great diversity. This book offers a comprehensive look at the illness. Articles include: community-acquired pneumonia practice guidelines; management of community-acquired pneumonia in the emergency room; tuberculosis; multicenter, multinational observational studies; hantavirus pulmonary syndrome; hendra and nipah viruses; utility of administrative data; measuring quality of care; and the effect of malnutrition on risk and outcome.
