**From Ronald L Numbers : Compulsory Health Insurance: The Continuing American Debate (Contributions in Afro-American African Studies)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Compulsory Health Insurance: The Continuing American Debate (Contributions in Afro-American African Studies):

0 of 0 people found the following review helpful. okay bookBy roger gradneyinformally written history of black medical care centered on Detroit. with a focus on how black physicians function in the segregated environment.

Format Hardcover Subject Health Insurance Publisher Greenwood Press

"Exceptionally coherent and readable. A layperson or student seeking to understand the shifting political, social, economic, and philosophical issues which make up the history of proposals and programs for financing medical costs in the United States will be well informed by the sum of the thought-provoking chapters. Copious bibliographic notes, a bibliographic essay, and an index contribute to the high quality of this work."-Library Journal?Exceptionally coherent and readable.
