4 of 4 people found the following review helpful. Great book!By Jodianne C. CoffeeThis book is well organized, easy

to read and reference, and is pretty comprehensive. It doesn't go into great detail on things so if you need that kind of detail, this book would be great at letting you know what to search for. 1 of 1 people found the following review helpful. Five Stars By Emily Shockley Great information in an easy to comprehend format. 0 of 0 people found the following review helpful. Five Stars By Sarah Hite It's been a good reference for me
