**Laura C. Leviton, Carolyn E. Needleman, Maurice Shapiro : Confronting Public Health Risks: A Decision Makers Guide (Series in Philosophy; 2)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Confronting Public Health Risks: A Decision Makers Guide (Series in Philosophy; 2):

The authors of *Confronting Public Health Risks* provide case examples and specific tools for analyzing and dealing with serious health hazards. The book includes six case studies from the areas of environmental health, occupational health and the AIDS epidemic. Each case study is followed by a discussion of a key issue involved and the links that exist with other cases covered in the book.
