Margaret Mayberry, John Mayberry : Consent in Clinical Practice before purchasing it in order to gage whether or not it would be worth my time, and all praised Consent in Clinical Practice:

This is a practical guide to successfully achieving a fully computerised system in primary care. It shows how to source a primary care clinical system that does what you need it to do and how to use it effectively. The book is easy to read with numerous examples and copies of useful documents throughout. Helpful features include charts to map progress

at a glance icons to point out www links details of additional resources for further information and highlights cautions and key points are highlighted. The author has drawn together ten years' practical experience working with over 200 practices and incorporates the best national and international expertise. This is an essential guide for GPs practice nurses managers and all members of the primary care team. For downloadable resources accompanying this book click [here](#)
