Thomas E. Hyde, Marianne S. Gengenbach : Conservative Management of Sports Injuries before purchasing it in order to gage whether or not it would be worth my time, and all praised Conservative Management of Sports Injuries:

1 of 1 people found the following review helpful. Excellent Text!By Matthew C JordinI purchased this book while in the CCSP program and my only complaint is that I didn't buy it sooner. I wish I would've had time to read the entire thing before the test. I'm currently in the DACBSP program and fully intend to read the entire text before taking those exams. The information is clear, concise, and relevant. My thanks to the authors for producing such an important work.0 of 0 people found the following review helpful. Five StarsBy Joseph KelbermanMy textbook for CCSP course leading to Olympic level sports medicine as a Chiropracor.0 of 0 people found the following review helpful. Worth the cost!By DrjaydcExtremely comprehensive and using as a template for studying for the CCSP works well
