From Nova Science Publishers : Medicare: A Primer (Health Care Issues, Costs and Access) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Medicare: A Primer (Health Care Issues, Costs and Access):

This title provides an overview of Medicare. It begins with a brief program history, and then outlines the key features

of Parts A and B, also known as 'Original Medicare'. That is followed by overviews of Part C and Part D, a discussion of program financing, and a brief discussion of future program directions.
