From PMIC : Medicare Compliance Manual 2006 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Medicare Compliance Manual 2006:

Are you getting tired of searching three or four different books for current information about Medicare? Are you tired of paying hundreds of dollars for books which have some, but not all, of the information you need? Now you can get all the important Medicare compliance information you need in a single, easy-to-use book at a very affordable price. The Medicare Compliance Manual 2006 contains over 900 pages packed with the information you need to maximize your Medicare reimbursement and protect yourself from audit liability. Packaged in a deluxe ring binder with tab indexes, the Medicare Compliance Manual is divided into four sections: Medicare Rules and Regulations 2006 mdash; a comprehensive review of all the important issues, including participation, coverage, coding requirements, filing Medicare claims, Medicare as Secondary Payer (MSP), Medicare appeals, and Medicare audits, fraud and abuse, completely updated for 2006. Medicare Fee Schedule 2006 mdash; the official 2005 RBRVS fee schedule as published in the Federal Register includes CPTtrade; and HCPCS codes, RVUs, global surgery periods, flags for multiple, bilateral procedures, assistant surgeon and billable medical supplies, and the official geographic practice cost indices

(GPCIs). Medicare Coverage Issues Manual mdash; the most current version of the complete HCFA manual by coverage topic in a user-friendly format. Answers your coverage questions with explanations and cross-references to the Medicare Carriers, Intermediary and Hospital manuals. Medicare E/M Documentation Guidelines mdash; the most current version of HCFA evaluation and management documentation guidelines to help you protect your practice from audit liability.
