**From Amer Medical Assn : Medicare RBRVS 2012: The Physician's Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Medicare RBRVS 2012: The Physician's Guide:

0 of 0 people found the following review helpful. Must HaveBy RLCThis is as it says, a CPT code book. Its basic, has the codes and will get the job done. I get this version as this is all my employer wants.For myself I get the Professional Version. The Professional Version is worth the extra money. If you have to use this book with any regularity, then you owe it to yourself to get the Professional Version. The tabs, spiral binding to lay flat, expanations, anatomy, coding examples and so forth are definitely worth the small extra expense.

This concise, authoritative text provides detailed background information, explains all features of the physician payment system and serves as a reference in answering questions about the RBRVS system.
