Our nation's health care system has gone through a historic transformation. More Americans have the peace of mind that comes from health coverage, and your Medicare program continues to grow stronger and provide important benefits to keep you healthy. Let's take a look at some of those benefits — so you can get the most out of this year's handbook and your Medicare coverage: Covered preventive services — Millions of people with Medicare have taken advantage of expanded benefits like preventive services, cancer screenings, and yearly "Wellness" visits — without paying a dollar out of pocket. You can use the checklist on page 61 to help you track the preventive services you had and understand the services you might need; Continued savings in the

Part D coverage gap — You can join the millions of people with Medicare who have already saved money on covered drugs. In 2015, if you enter the coverage gap, you'll pay 45% of the plan's cost for covered brand-name drugs and 65% of the cost for covered generic drugs. See pages 101–102 to learn more.

Choice of plans in your area — You have a choice of how you get your Medicare coverage. Did you know that Medicare.gov/find-a-plan has a list of the Medicare health and prescription drug plans that are offered in your area? This list includes premiums, out-of-pocket costs, plan ratings, and more to help you get started finding a plan that meets your individual needs.
