Paul U. Unschuld : Medicine in China: A History of Ideas (Comparative Studies of Health Systems and Medical Care) before purchasing it in order to gage whether or not it would be worth my time, and all praised *Medicine in China: A History of Ideas (Comparative Studies of Health Systems and Medical Care)*:

0 of 0 people found the following review helpful. Four Stars By May R. good historian, a little hard to follow in some

sections0 of 1 people found the following review helpful. Five StarsBy KimItem was as described and shipped fast. Thanks!
4 of 10 people found the following review helpful. dry and boringBy Seattle_123There are some interesting sections but overall I felt it was dry and boring. It captures some aspects of Chinese medicine but overall it rambles on and on....

In the first comprehensive and analytical study of therapeutic concepts and practices in China, Paul Unschuld traced the history of documented health care from its earliest extant records to present developments. This edition is updated with a new preface which details the immense ideological intersections between Chinese and European medicines in the past 25 years.

About the AuthorPaul U. Unschuld is Professor and Director of the Horst-Goertz Endowment Institute for the Theory, History, and Ethics of Chinese Life Sciences at Charit-Medical University Berlin.
