Phil R. Manning, Lois DeBakey : Medicine: Preserving the Passion in the 21st Century before purchasing it in order to gage whether or not it would be worth my time, and all praised Medicine: Preserving the Passion in the 21st Century:

Since 1987 this book has helped and inspired physicians at all stages of their careers to get the most out of their

professional and personal lives. Phil R. Manning and Lois DeBakey are pre-eminent medical educators, who seek, in their own work and through this book, to redirect the focus of continuing medical education from the classroom to more creative methods. Their approach is based on the physician's specific clinical practice, thus making continuing medical education more likely to improve patient care. Manning and DeBakey have completely revised and updated this second edition to reflect significant changes in how master physicians use information technology to keep abreast of exploding new medical information. This edition also addresses how professionals are coping with changes in the practice of medicine effected by managed care. All -new Reflections and Personal Essays from some of the most important names in medicine provide perspicacity, wisdom, and above all practical insight into the many facets of medical practice. Through the eyes of these celebrated figures, readers will find ways of making their work both more effective and more enjoyable. This one-of-a-kind book will fascinate physicians, residents, and medical students seeking to preserve and enhance their passion for medicine.
