**Lillian Burke, Barbara Weill : MediSoft Made Easy: A Step-By-Step Approach** before purchasing it in order to gage whether or not it would be worth my time, and all praised MediSoft Made Easy: A Step-By-Step Approach:

0 of 0 people found the following review helpful. MediSoft Made Easy was very good and easy to followBy Judy G. RowleyMediSoft Made Easy was very good and easy to follow. I especially like the illustrations that went along with the directions. I then knew if I was following the directions correctly. Very good for a beginner just starting out in a Doctor's office and have never taken any Medical coding classes.1 of 1 people found the following review helpful. EASYBy misterbearI foundt this book to be easier than the new one i have, It explains things so easy and the CD that comes with it was so easy to install and so simple to use0 of 0 people found the following review helpful. highly recommendedBy smiling2dayGreat book

Intended for courses in Medical Billing and Administration using MediSoft, this text introduces readers to medical informatics from the perspective of the novice user. The authors' step-by-step approach and thoughtful use of screen captures make it flexible for both the traditional classroom setting and self-paced instruction.
