4 of 4 people found the following review helpful. Memory and Communication Aids for People With Dementia By Deborah J. Kainauskas This book is packed with information and ideas for working with people with Dementia. Good for professionals and caregivers alike 0 of 0 people found the following review helpful. Fabulous book!! so helpful in making Memory book ... By Treva Blackman Fabulous book!! so helpful in making Memory book w/ my 87-year old Mom with Dementia!

Help people with memory loss communicate and function more independently with the useful memory aids in this book, with accompanying downloadable resources! Discover how to use visual, written, and electronic memory aids to

improve communication, independence, and quality of life for people with dementia and related memory impairments. These memory aids help convey the needs and preferences to care partners and increase engagement and social interaction. With 35 instantly downloadable guides, forms, templates, and memory aids!**INCLUDES:** Simple instructions for selecting, developing, and implementing the optimal memory aid; both low-tech (memory-wallet, reminder cards) and high-tech (tablet, smartphone) options; full-color graphics; troubleshooting tips to increase the use of communication aids; practical advice for activity professionals, SLPS, OTs, PTs, and direct care staff; helpful resources to involve families

These interventions are highly effective and can be used across a wide range of settings and challenging behaviors associated with dementia. There is only one question regarding this exceptional book: Why aren't you using it? -- Cameron J. Camp, Ph.D., Director, Center for Applied Research in Dementia This is a must have book for professionals who provide services for people with memory loss and for faculty who prepare these professionals. -- David Beukelman, Ph.D., Department of Special Education Communication Disorders, University of Nebraska Lincoln An extremely readable and practical guide to managing memory. . . . I highly recommend! -- Nina Simmons-Mackie, Ph.D., BC-ANCDS, Department of Health Human Services, Southeastern Louisiana University About the Author Michelle S. Bourgeois, Ph.D., CCC-SLP, is Professor in the Department of Communication Sciences Disorders at the University of South Florida. A clinical researcher specializing in dementia, she has published numerous research articles, books, training manuals, and CD-ROMs.
