**James E. Moran, David Wright : Mental Health and Canadian Society: Historical Perspectives (McGill-Queen's/Associated Medical Services Studies in the History of Medicine, H)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mental Health and Canadian Society: Historical

Perspectives (McGill-Queen's/Associated Medical Services Studies in the History of Medicine, H):

An illuminating study of the complex history of madness.

"An illustration of the more nuanced, path-breaking, and often contentious scholarship in mental health history. This volume will immediately become a leading work in the field and stimulus for further scholarship." Peter McCandles, College of Charleston "Moran and Wright have managed to capture, in a single volume, the wide range of approaches to the history of madness now being employed by Canadian scholars." Ellen Dwyer, Indiana University  
About the Author James Moran is professor, history, University of Prince Edward Island, and the author of *Committed to the State Asylum: Insanity, the Asylum and Society in Nineteenth-Century Ontario and Quebec*. David Wright is Hannah Chair in the History of Medicine, Mc
