Jansen : Military Medical Care: Questions and Answers before purchasing it in order to gage whether or not it would be worth my time, and all praised Military Medical Care: Questions and Answers:

The primary objective of the military health system, which includes the Defense Department's hospitals, clinics, and medical personnel, is to maintain the health of military personnel so they can carry out their military missions and to be prepared to deliver health care during wartime. The military health system also covers dependents of active duty personnel, military retirees, and their dependents, including some members of the reserve components.
