Russell C., Jr. Coile : Millennium Management: Better, Faster, Cheaper Strategies for Managing 21st Century Healthcare Organizations (Ache Management Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Millennium Management: Better, Faster, Cheaper Strategies for Managing 21st

Century Healthcare Organizations (Ache Management Series):

In his most controversial book yet, noted futurist Russ Coile challenges the traditional view of healthcare management and organization. Full of bold projections and progressive strategies, this book will be a thought-provoking management resource in the new millennium. Examples from leading-edge healthcare organizations provide real-world examples of progressive strategies in action.

About the Author Russell C. Coile, Jr., is a futurist specializing in the health industry. He is Senior Vice President of Chi Systems and is based in Dallas, Texas. He provides market forecasts and strategic advice to a wide range of U.S. hospitals, medical groups, managed care organizations, and suppliers. He is the author of five books in the past ten years on the future of the health field. His monthly newsletter, Russ Coile's Health Trends, is now in its ninth year, and his predictions on last year's "Top Ten Trends" were --% accurate. In the past year he has participated in over 2100 seminars for groups including the American Hospital Association, American College of Physician Executives, the Governance Institute and Rand Healthcare Roundtable. He is a member of the editorial boards of Managed Care Outlook, Healthcare Systems Strategy Report, Nurse Week, and the Medical Network Strategy Report. Mr. Coile holds a B.A. degree from Johns Hopkins University and an M.B.A. in Health Services Administration from George Washington University.
