Susan L. Michlovitz PT PhD CHT, James W. Bellew PT EdD, Thomas P. Nolan Jr. PT DPT MS OCS : **Modalities for Therapeutic Intervention (Contemporary Perspectives in Rehabilitation)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Modalities for Therapeutic Intervention (Contemporary Perspectives in Rehabilitation):

3 of 3 people found the following review helpful. Does a great job!By N. M. NashI bought this for my modalities class, and it does a good job explaining all of the modalities and physiology behind them. There are nice summary boxes along the way that save you time if you can't read in depth before class. It also explains some of the controversies with each modality along the way, so it helps with decision making.0 of 0 people found the following review helpful. Five StarsBy L. MashburnPerfect condition0 of 0 people found the following review helpful. Five

StarsBy Brittany Burkholdergreat condition

A volume in the Contemporary Perspectives in Rehabilitation Series; edited by Steven L. Wolf, PhD, PT, FAPTA. Heresquo;s a current, concise, and evidence-based approach to the selection, application, and biophysical effects of therapeutic modalities in a case-based format with a wealth of photographs and figures. The 5th Edition builds and expands on the strengths of previous editions and their focus on expanding and strengthening clinical decision-making skills through a hands-on, problem-solving approach.

About the Author Adjunct Associate Professor, Program in Physical Therapy, Allegheny University of the Health Sciences, Philadelphia, PA. Hand Therapist, Sports and Orthopaedic Physical Therapy, Temple University, Fort Washington, Pennsylvania.
