John F. Butterworth, David C. Mackey, John D. Wasnick : Morgan and Mikhail's Clinical Anesthesiology, 5th edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised Morgan and Mikhail's Clinical Anesthesiology, 5th edition:

2 of 2 people found the following review helpful. The perfect book for studying anesthesia. By Martin Product arrived in an excellent condition, As good as new. Everything is intact; no adhered or missing pages. The book itself is written in a very clear and systematically ordered manner. It is my the book i go to when I have to study a related subject. 1 of 1 people found the following review helpful. Must have By HMR96 My previous Morgan and Mikhail was outdated and pages were becoming loose. This new version is great with updated sections and color figures! This is a must have book for both new and old anesthesia providers. 0 of 0 people found the following review helpful. Five Stars By julieexcellent
