William Garcia MICP : Mosby's Emergency Dictionary: EMS, Rescue, and Special Operations before purchasing it in order to gage whether or not it would be worth my time, and all praised Mosby's Emergency Dictionary: EMS, Rescue, and Special Operations:

0 of 0 people found the following review helpful. EXCELLENT EMT STUDENT REFERENCEBy Charles OgleGAVE TO A STUDENT AS A GIFT. STUDENT FOUND IN VERY BENEFICIAL. YES WOULD RECOMMEND THIS BOOK. GREAT FOR EMT STUDENTS. PRODUCT ARRIVE IN CONDITION AS PROMISED. WOULD USE SELLER AGAIN8 of 8 people found the following review helpful. Mosby Emergency Dictionary ReviewBy Mike SchneckThe Mosby Emergency Dictionary has proven to be an excellent resource during my Paramedic studies. I recommend the Dictionary as a requirement if you are going through a Paramedic Class. My class used the Mosby Paramedic Textbook, but most of the terminology was not in the glossary. The Emergency Dictionary was necessary to keep all of the terminology straight in my head during my studies. It also includes some

good reference materials in the last few sections, including a Pharmacology guide.

Specifically for those who provide care in emergency settings, the all-new second edition of this invaluable resource has been thoroughly updated and revised. With more than 10,000 new entries, it provides definitions of virtually every emergency response term you need to know -- plus clear explanations of techniques you use every day.
