I'm new to massage and anatomy, and learning about the facts and practices involved in bodywork give me a sense of genuine accomplishment, something no school or certifying documents can do for me. If you want to learn, reinforce your learning, and test your mind to see if you have

retained information from elsewhere, Mosby's publications generally add to your growing vocabulary and bodywork skills base. eddie evanseddiesmassage.com 0 of 0 people found the following review helpful. It's a reasonable text book By Kelly T. Lot's of good information but a little dry. I supplement by watching Wendy Riggs on YouTube. I love her. 0 of 0 people found the following review helpful. Therapeutic Massage "the book" for teaching By Clyde Chiever Sandy Fritz has written a well documented presentation for teaching A P for massage therapist. This has been an excellent book to use as a text book for teaching massage students the basic of a massage practice.
