Sheila A. Sorrentino PhD RN, Leighann Remmert MS RN, Mosby : Mosby's Essentials for Nursing Assistants - Text and Mosby's Nursing Assistant Skills DVD - Student Version 4.0 Package, 5e before purchasing it in order to gage whether or not it would be worth my time, and all praised Mosby's Essentials for Nursing Assistants - Text and Mosby's Nursing Assistant Skills DVD - Student Version 4.0 Package, 5e:

0 of 0 people found the following review helpful. Very good books and DVD's , useful information, used in CNA class. By Charlene Heath The class my daughter took has this book as a requirement. We found it easily and at a decent price here on . She is in process of using the book now and she has also used the enclosed DVD's though that part was not actually necessary for her class. The DVD's are more like an interactive slide show and not a movie to be watched, etc. The quality of the books were great as in binding tight, packaged well, dvd's in great quality, etc. Very happy with the purchase. 0 of 0 people found the following review helpful. Five Stars By Rich Decent book, covers a lot of needed material. 0 of 0 people found the following review helpful. No refund yet i tired asking asking. By Customer I didn't get all books there was only one, I say this because there is 2 IBM # on description of the book and there's only one book, I asked for a refund and I didn't get a refund.

Corresponding chapter-by-chapter to Mosby's Essentials for Nursing Assistants, 5e, Elsevier Adaptive Learning combines the power of brain science with sophisticated, patented Cerego algorithms to help you learn faster and remember longer. It's fun; it's engaging; and it's constantly tracking your performance and adapting to deliver content precisely when it's needed to ensure core information is transformed into lasting knowledge.
