

A quick-reference format provides all of the key information you need with fast-access to respiratory care guidelines, including assessment, arterial blood gases, EKGs, medications, and PFTs. You'll also find essential information on pulmonary diseases, equipment disinfection, and neonatal and pediatric care. Waterproof and stain-resistant pages keep your PDQ reference guide performing like new in any clinical setting. Color-coded tabs feature a table of contents with page references, making it easy to quickly locate key information within each section. Full-color design includes illustrations and clarifies important facts to help you easily find what you need. Commonly used and updated clinical information, including tables, formulas, equations, algorithms, and lab values all necessary to deliver safe and efficient care. AARC Clinical Practice Guidelines content has been redesigned into easy-to-use, compact algorithms. The latest asthma guidelines. Increased coverage of neonatal and pediatric care. Expanded BLS and ACLS protocols; updated medications, therapies, and therapeutic devices; and updated ventilator modes. More formulas and facts than in the previous edition.
