**Sheila A. Sorrentino PhD RN, Relda T. Kelly RN BSN MSN : Mosby's Textbook for Nursing Assistants - Textbook and Workbook Package, 7e** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mosby's Textbook for Nursing Assistants - Textbook and Workbook Package, 7e:

0 of 0 people found the following review helpful. This was exactly what I needed and expected. By Susan Kennedy This book was specifically required for a short training course in our area. I received a brand new book just as displayed and it was exactly what it was said to be. I did not have any delays in receiving the book it came right on time. I always keep books like these when I order them just to go back over them years latter, or quick reference latter in time. I enjoy having hard copies to access instead of only computer stored or accessed information. If this was the specific editor required or sought after then this was a cost efficient easy way to obtain the text book. Very happy with mine and will and have kept it stored with other similar health care training books. 0 of 0 people found the following review helpful. Five Stars By aliso happy with the book 0 of 0 people found the following review helpful. Five Stars By London Lad Excellent text - fast shipping
