**Rita P. Fleming-Castaldy : National Occupational Therapy Assistant Certification Exam Review Study Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised National Occupational Therapy Assistant Certification Exam Review Study Guide:

0 of 0 people found the following review helpful. Damaged bookBy Shanice AbramsThe reason I'm giving this 2 stars is because the CD-ROM that comes with the book was broken and you need that to correspond with the material in the book. The book does have helpful information but can be a but overwhelming.4 of 4 people found the following review helpful. Great bookBy Jeannie OwingsThis book is in outline format and is easy to read. It highlights key areas and diagnoses of OT. The practice exam are helpful and when it grades the exam it tells you what areas you need to study more. I am glad I finally purchased this book.4 of 4 people found the following review helpful. COTA Review BookBy GinnyThis book was extremely informative and provided a general overview of the concepts included in the

NBCOT exam. I would highly recommend this book to any cota student preparing to be an entry level cota.

The best Study Guide for the NBCOT COTA Exam
