Rita P. Fleming-Castaldy : National Occupational Therapy Certification Exam: Review Study Guide, 6th Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised National Occupational Therapy Certification Exam: Review Study Guide, 6th Edition:

0 of 0 people found the following review helpful. This is a great book for studyingBy Nancy OlsonThis is a great book for studying. Make sure to use the cd that is included to do the practice tests. I passed first time by using this book and the AOTA prep. I also used quizlet.com and put in the search terms I wanted to study. I passed the first time with an 85%.1 of 1 people found the following review helpful. nbcot exam practiceBy Henrietta Ligreat book with a lot of useful information, the practice exams are the best part of this book as they are computerized and attempt to simulate the actual exam as much as possible. Also, they group their practice questions according to what type of reasoning you would have to use, which can help you form a pattern with what particular types of questions you are having trouble with.0 of 0 people found the following review helpful. but still have a lot of good information required for reveiwBy CustomerIt is a bit out of date, but still have a lot of good information required for reveiw.

The new, 6th edition National Occupational Therapy Certification Exam Review Study Guide by Rita P. Fleming-

Castaldy and other distinguished educators is now available. Printed in two colors to help highlight important information and with new "Create your own Exam" software, the Guide prepares you for the NBCOT Exam with a comprehensive content review, three complete practice exams on CD -- Including new Clinical Simulation test Questions! -- and information on Critical Reasoning for the NBCOT exam. Also included are study hints and test-taking strategies, up-to-date information about the NBCOT exam, and new "Create your own Exam" software. The NBCOT is a high stakes exam and the TherapyEd Review Study Guide is the ONLY book to combine comprehensive content review with practice questions designed to prepare you to pass. Critical information on the Clinical Simulation question format. Updated and expanded chapters. Copyright 2012 for the current exam blueprint. All needed review information in one text. Three complete Practice Exams on CD (including 9 full Clinical Simulation Test questions) Most importantly, the practice exams on CD give you feedback so you can understand how you did, what your strengths and weaknesses are, and how to better prepare for the exam. The Review Study Guide contains comprehensive, easy to read chapters covering: Certification Exam Information Study and Test Taking Strategies State Regulatory Board information Certification of the Occupational Therapist Principles of Effective Exam Preparation The Process of Occupational Therapy Professional Responsibilities and Ethics Human Development and Aging Musculoskeletal System Disorders Neurological System Disorders Cardiovascular and Pulmonary System Disorders Gastrointestinal, Renal-Genitourinary, Endocrine, Immunological and Integumentary Systems Disorders Psychiatric and Cognitive Disorders Biomechanical Approaches: Evaluation and Intervention
