0 of 0 people found the following review helpful. i am about to take the Cuny test and i ...By mwaz76i am about to take the Cuny test and i need some help brushing up on the Math portion of the test. I especially lovd the Secret keys, made me look at testing with a different and positive perspective .0 of 0 people found the following review helpful.

And I liked how when I opened the the first page of ...By CustomerWell the service was really impressive, it came really fast i wasn't this fast. And I liked how when I opened the the first page of the book I found this letter saying thank you for buying the product.And another thing I just got the book but it looks like it gives a lot of details and that's what a need.THANK YOU for the great service.0 of 0 people found the following review helpful. ... have not read through the entire book yet I like the structure of having a mock test and then ...By V. McKnightAlthough I have not read through the entire book yet I like the structure of having a mock test and then in the back not only having the answer but the exclamation.

\*\*\*Includes Practice Test Questions\*\*\* Get the test prep help you need to be successful on the NBCE Part I test. The NBCE Part I Exam is extremely challenging and thorough test preparation is essential for success. NBCE Part I Exam Secrets Study Guide is the ideal prep solution for anyone who wants to pass the NBCE Part I Exam. Not only does it provide a comprehensive guide to the NBCE Part I Exam as a whole, it also provides practice test questions as well as detailed explanations of each answer. NBCE Part I Exam Secrets Study Guide includes: A thorough and detailed overview of the NBCE Part I Exam An extensive review of chemistry An in-depth look at general anatomy topographical anatomy An analysis of microbiology A guide to pathology An examination of physiology A breakdown of spinal anatomy Comprehensive practice questions with detailed answer explanations It's filled with the critical information you'll need in order to do well on the test the concepts, procedures, principles, and vocabulary that the National Board of Chiropractic Examiners (NBCE) expects you to have mastered before sitting for the exam. The Chemistry section covers: Carbohydrates Hormones DNA and RNA The General Anatomy Topographical Anatomy section covers: Integumentary system Joints Hip and thigh muscles Enterogastrones produced by the small intestine The Microbiology section covers: Human blood Efficacy of vaccinations Fungal diseases Emerging infectious diseases The Pathology section covers: Inflammation Prostate biopsies Diabetic neuropathy Atherosclerosis Lung cancers The Physiology section covers: Lateralization of the brain Action potential Nephron Metabolic changes during exercise The Spinal Anatomy section covers: Human skull Atlantoaxis joint Brain cells Human eye These sections are full of specific and detailed information that will be key to passing the NBCE Part I Exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual NBCE Part I Exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for our test preparation guides, and our NBCE Part I Exam Secrets Study Guide is no exception. It's an excellent investment in your future.

Our Study Guide for the CUNY Test Is Unlike Any OtherIf you'd like to get the CUNY test score you deserve, to quit worrying about whether your score on the CUNY test is "good enough," and to beat the test taking game, then this might be the most important message you read this year.Our comprehensive study guide for the CUNY test is written by our CUNY test experts, who painstakingly researched the topics and the concepts that you need to know to ace your CUNY test. Our original research into the CUNY Proficiency Exam (CPE) CUNY's Skills Assessment Tests (CSAT) ("CUNY/ACT Basic Skills Tests in Reading, Writing and Mathematics"), offered by the City University of New York (CUNY), reveals the specific content areas and the essential skills that are critical for you to know on the CUNY test. We've taken the information and developed a study guide that is guaranteed to help you be successful on the CUNY test.Now, we know you may be skeptical, so let us give you three good reasons we can back up what we claim:The Three Reasons To Believe What We SayThe First Reason:Our company's name is Mometrix Test Preparation, and we have a team of standardized test researchers who have worked on developing our study guide for the CUNY test. The standards for who gets to work on the team are very strict- we demand the best for our customers, and only those who met our exacting standards made the cut. The dedicated research staff have years of combined experience in mastering the content and skills necessary to succeed on the toughest exams.The Second Reason:Some academic studies have revealed that test takers do not really benefit from the traditional test preparation process. But we knew there had to be a solution- if test takers were not doing well on the CUNY test despite high intelligence, there had to be a set of secret keys to the test that would open the door of success for these test takers.We believe we have succeeded in finding the secret keys of the exam. What we found was surprising, and in some cases ridiculously simple once explained to the average test taker.We put the findings together in a thorough, concise study guide that we believe allows any test taker, at any skill level, to improve his or her results dramatically with a minimum of effort.The Third Reason:We created the product in part because we were frustrated by the options available to test takers who really wanted to do well on the CUNY test.A common approach is to TEACH the material, instead of TEACHING THE TEST. That's not necessarily good enough for the CUNY test- you have to know how to apply the knowledge.

Most test takers already have a general knowledge of the material that will be covered on the exam. One reason some test takers do well on the day of the test is that they have made the critical connection between the material they learned and how to use the material to succeed on the CUNY test. Our guide addresses the difference between merely knowing the material and knowing how to use the material to perform on test day. You're going to save time, money, and aggravation. You'll learn to avoid the mistakes and the bad strategies that you've been vulnerable to. --Just for starters, here are some ways our product can help your score on the CUNY test...The Exclusive Test Taking Techniques Explains how the CUNY test time limits are the #1 enemy of most students, and what you can do about it- You avoid falling into the many "time traps" built into the test, giving you an immeasurable advantage over those who go into the test unaware Shows you super speed methods to get through the questions you know with ease- Saving you time so you concentrate on the hardest questions without rushing Get quick, customized help for the questions you have- just send us a quick email and we'll get back to you promptly with the answer. Keys to questions that "give away" the wrong (or right) answers- You get credit for some of the questions without really even knowing anything about them Details the EXACT STUDY PLAN for the CUNY test that we believe gives the most results in the least time- No matter if you're studying for a week or a month, you won't waste the precious study time you have on useless activities Our researchers are more than just academic theoreticians who understand the technical nature of standardized tests, but are also experts on test taking itself- they reveal the exact skills and the information you'll need to perform under pressure during the test. A systematic analysis and the best breakdown into "plain language" of how to deconstruct and master difficult problems- You turn problems that most students stumble over to your advantage Learn why, when, and how to guess to your advantage. Many test takers use exactly the wrong strategy, but you can avoid the pitfalls with the help of our standardized test experts The secret keys to questions that "gives away" the right answer a lot of the time- You know the special "flags" and the specific "giveaways" to look for in this section Includes instructions detailing the best way for you to get started with your preparation efforts so you can begin the path of improving your scores immediately The most efficient and accurate method for picking the right answer on the reading questions- You won't be scratching your head trying to read the mind of the test question writer, but will instead know exactly what to look for to pick the best answer The 1-2-3-4 Method for Writing a Knockout Essay- You follow this simple method and the feared essay section becomes child's play Our quick problem solving method for problems with hedge words- You speed right through these notorious time-wasters Courteous, unlimited customer service is 100% free- if you need the product emailed to a different address, lose the product, or have any other difficulty- --the help you need is just a short email away and our representatives are active 7 days a week helping customers The research of our team of test experts is 100% independent and original Now, you're probably wondering how and why we can do all the things we claim. Let us explain. Before we go any further, let us clarify what CUNY Exam Secrets is not. It is not a stale rehash of all of the things you have already learned in the past. CUNY Exam Secrets is our exclusive collection of the tips and the information that we have specially selected to give you the best results on the CUNY test for the least time spent studying. It's written in everyday language and is easy to use. We cover the 5 essential skills necessary to do well on the CUNY test, plus comprehensive reviews covering the individual test sections separately. Don't take our word for it. Listen to what our customers say about other Mometrix test preparation products. I purchased the Secrets file, and I just wanted to let you know that I got a 99% on my test. I just want to thank you again, and hope you have continued success in your ventures. Sincerely, Paul L. My name is Chris. I used the Secrets study guide for five days. The study guide made the test so easy to understand. Like you said this program is worth 100's of dollars. To me 1,000's!! THANKS, Chris G. I just had to thank you guys for the test prep! I bought the guide as a last minute prep, I mean maybe 5 hours before the test. Like I said, I had ZERO preparation! I was nervous about the test let alone receiving the score I needed. I read the guide through only once before test time and needless to say, the only way I passed was thanks to your refresher!! Brian Just dropping you a note to let you know that I am completely satisfied with the product. I had already taken the test once and landed in the 75 percentile of those taking it with me. I took the test a second time and used some of your tips and raised my score to the 97 percentile. Thanks for my much improved score. Denise W. I heard about your website from a friend. I am enrolled in a review course, and in hindsight, I wish I wouldn't have taken my review course and instead spent a fraction of the money on your program. Thank you! Zac L. You get at least 10 times your money's worth! --When you consider what's at stake with the exam, we believe the value of our study guide gives you at least ten times your money's worth.
