Gordon Burrow BA ADvDipEd MSc MPhil FChS FHEA FCPM AcFP MCSFS CMIOSH CSci : Neale's Disorders of the Foot, 8e (Evolve Learning System Courses)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Neale's Disorders of the Foot, 8e (Evolve Learning System Courses):

Neale's Disorders of the Foot remains the essential resource for students and practitioners of podiatry. All the common conditions encountered in day-to-day podiatric practice are reviewed and their diagnoses and management described along with areas of related therapeutics. Students will find in this one volume everything they need to know about foot disorders and their treatment in order to pass their examinations, while practitioners will continue to

appreciate the book's accessibility and relevance to their daily practice. The new eighth edition is more indispensable than ever before with all contributions revised and brought up to date, colour photographs throughout, an all-new clear and accessible full colour design, and its own website including a full image library, video clips of key techniques and interactive self-assessment questions. Whether you need quick reference or more detailed information, the new and improved Neale's Disorders of the Foot is ready to serve the needs of a new generation of podiatry students and practitioners. All essential material on common foot disorders and their management is covered, which is required by those studying for their first degree in podiatry. Quick and easy access to information is offered through a detailed contents list, comprehensive index, and clear layout with good use of headings. Quick and easy learning features make this an ideal text for self-directed study and revision. Up-to-date information covers the conditions most commonly encountered in day-to-day practice. Evolve Resources - containing full online image library, video sequences and interactive self-assessment tools. Over 150 colour photographs. Text fully updated and revised.
