**Mark Kimmel Ph.D. : The Tidal Wave of Change in Healthcare Today: Why Hospitals and Providers are Struggling to Stay Afloat** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Tidal Wave of Change in Healthcare Today: Why Hospitals and Providers are Struggling to Stay Afloat:

0 of 0 people found the following review helpful. is the number one best selling author of "The Ultimate Guide to WinBy Susan NussbaumAs an editor of many books that help people advance in their career paths, Mark Kimmel's "The Tidal Wave of Change in Healthcare Today" is one of the most profound and informative written insights into the state of the healthcare industry today. Not only does he describe how the current state of Medicare effects hospitals and providers, but he also helps hospitals and providers to benefit from the knowledge he has to offer. In addition, Mark Kimmel, Ph.D. is the number one best selling author of "The Ultimate Guide to Win, Even as Medicare Changes the Rules." As a CMS endorsed vendor of processes, systems and software, and leading expert in the field of healthcare, Mark Kimmel is the go-to author/expert to successfully help you navigate the ever changing and challenging world of healthcare today.

"Medical Billing is in the Dark Ages" claims Page Winfield Cunningham, The Washington Examiner's healthcare correspondent, in a May 7th, 2015 article and one of many about the problems facing the healthcare industry. Mark Kimmel, Ph.D., co-founder of Topline Healthcare and leading expert, with over 20 years of experience in healthcare and its related research, sheds light and sees hope in his publication, The Tidal Wave of Change in Healthcare Today. Mark not only provides a masterful analysis of why "hospitals and providers are struggling to stay afloat," but he also shows the correct path with a proven business model to bring healthcare providers kicking and screaming into the 21st century. I endorse enthusiastically this scholarly, substantive and enlightening essay. mdash; Oscar Mann M.D., FACP, FACC, FCCP
