**James E. Orlikoff, Mary K. Totten : The Trustee Guide to Strategic Planning and Information in Health Care (J-B AHA Press)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Trustee Guide to Strategic Planning and Information in Health Care (J-B AHA Press):

For any trustee or CEO involved with the demands of health care boards, we're pleased to present a series of insightful books developed exclusively to address your special concerns. In each of these four guides you'll find three informative workbooks previously published in Trustee, the magazine for governing board members of health care organizations. These resourceful guides cover a series of important topics and provide trustees and management with the proven strategies necessary to operate effectively. Each book includes topic overviews, discussion questions, exercises, tips and self-assessment questionnaires. Comprehensive and to the point, these guides are a must-read for trustees challenged by the demands of the contemporary health care environment.
