Mary Kaplan : The Tuskegee Veterans Hospital and Its Black Physicians: The Early Years before purchasing it in order to gage whether or not it would be worth my time, and all praised The Tuskegee Veterans Hospital and Its Black Physicians: The Early Years:

0 of 0 people found the following review helpful. Five StarsBy LCPWell written. Once again, Mary Kaplan, author of Solomon Carter Fuller: Where My Caravan Has Rested, has delivered.0 of 0 people found the following review

helpful. Five StarsBy John L FullerAn outstanding historical account of the establishment of the Tuskegee Veterans Hospital.

When the Tuskegee Veteran's Hospital opened in 1923, many in the Veteran's Bureau believed that black physicians and nurses were not competent to staff the facility. Except for nurses' aides, orderlies, attendants and laborers, hospital personnel would be white. Recruiting and training black medical professionals was difficult given the obstacles facing blacks in obtaining education in medicine and gaining acceptance in the field. The history of the hospital reflects the struggle for racial equality in the United States. This book describes the effort to integrate the Tuskegee Veteran's Hospital and follows the careers of the small group of well-trained, dedicated black physicians who played significant roles in its development as a treatment center for black veterans. The hospital's contributions to research and medicine are documented, along with its involvement in one of the biggest scandals in medical research--the Tuskegee syphilis study.

"Kaplan's book goes far beyond a history of the Tuskegee Veterans Hospital and its black physicians. Kaplan weaves a narrative of the struggle of blacks, racism in the military, institutional racism, and the civil rights movement. Highly recommended" --Choice"Worthwhile...interesting illustrations and is well referenced. A valuable addition to our understanding of the struggles of African-American physicians" --WatermarkAbout the AuthorMary Kaplan, a clinical social worker, taught in the School of Aging Studies at the University of South Florida and is the author of four books. She lives in New Port Richey, Florida.
