From LWW : The Washington Manual: Neurology Survival Guide (Survival Guide Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Washington Manual: Neurology

Survival Guide (Survival Guide Series):

Written by Washington University house staff, this pocket-sized survival guide provides all the essential information that every intern needs from Day 1 on the wards, including the neurologic history and physical examination, a neuroanatomy review, specific neuroimaging techniques and diagnostic tools, and sections on stroke, seizures, vertigo, dizziness, and ataxia, acute vision loss, headache, movement disorders, dementia, and sleep disorders. Content includes algorithms, useful formulas, patient notes, top ten work-ups, common calls and complaints, key points on most common problems, essentials of "what not to miss" and "when to refer/call for help," and "tricks of the trade." A listing of neurological Internet resources is included. The Washington Manual Neurology Survival Guide is also available electronically for handheld computers. See PDA listing for details. The Washington Manual is a registered mark belonging to Washington University in St. Louis to which international legal protection applies. The mark is used in this publication by LWW under license from Washington University.
