Written by Washington University house staff and faculty, this pocket-sized survival guide provides all the essential information that every intern needs from Day 1 in the outpatient clinic. The book covers the most common diseases and situations encountered in an outpatient setting and includes sections on key history and physical examination findings, and red flags to look for. Content includes algorithms, common calls and complaints, key points on most common problems, essentials of "what not to miss" and "when to refer/call for help," and "what to tell the patient." The Washington Manualreg; Outpatient Medicine Survival Guide is also available electronically for handheld computers. See PDA listing for details. The Washington Manualreg; is a registered mark belonging to Washington University in St. Louis to which international legal protection applies. The mark is used in this publication by LWW under license from Washington University.
