CJ Mertz : The World's Best Kept Health Secret Revealed before purchasing it in order to gage whether or not it would be worth my time, and all praised The World's Best Kept Health Secret Revealed:

Subluxationwhat? Its pronounced sub-lux-ay-shun. And, its the worlds best kept health secret. When the medical

industry started publishing books explaining cholesterol and high blood pressure millions of people started visiting their doctors to have their cholesterols and blood pressure checked. Now, people learning about subluxation for the first time want to know why they haven't been told sooner so they could find relief from their sufferings. This best selling book has sold 25,000 copies and gained bookstore acceptance prior to printing. In this book, Dr. CJ Mertz and his doctor colleagues, who are also renowned wellness experts, provide readers with a wealth of knowledge that will help them understand what subluxations are how they can deteriorate health and how they can be removed without drugs or surgery.
