They were extremely helpful in Learning with the muscles look

like the origin insertion and actions of all of them as well I would definitely recommend this to anyone who is interested in learning about the muscles0 of 0 people found the following review helpful. GreatBy ErinThese cards helped me so much! I still use them to review the material. I like how they put everything on the card, you don't even really have to reference back to the book in my opinion.0 of 0 people found the following review helpful. Five StarsBy CustomerDetailed and very easy to study from.
