James L. Vesper : Training for the Healthcare Manufacturing Industries: Tools and Techniques to Improve Performance before purchasing it in order to gage whether or not it would be worth my time, and all praised Training for the Healthcare Manufacturing Industries: Tools and Techniques to Improve Performance:

Training is critical to compliance, product quality, and profitability. Focusing on employee performance and using a systematic approach to design, develop, deliver, and measure effectiveness of instruction can optimize the training

investment. Drawing upon extensive training experience with large and small healthcare manufacturing companies, James L. Vesper gives you proven, effective techniques for planning, undertaking, and evaluating cost-effective training programs. He analyzes what it takes to create a training program and guides you step-by-step in making it happen.
