**Career Step : Transcription Reports and Associated Keys - Medical Transcription CD Companion Set** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Transcription Reports and Associated Keys - Medical Transcription CD Companion Set:

6th Edition. This set consists of 1 CD-ROM and 3 Audio CDs. The focus of the Transcription Companion is to help train your ear to clearly comprehend medical record dictation prior to learning to transcribe in the program. The goal is to give you extra familiarity with different accents, enunciation nuances, commonly used terms and phrases, and rates of speech within various worktypes and specialties.
