1 of 1 people found the following review helpful. Great resource! By Jersey4 This is an excellent book. I want to read it cover to cover. Book came quickly and was in perfect condition. 1 of 1 people found the following review helpful. great book By emily required for school, but still a great book to read. it helps you realize the many different ways people view health care. 0 of 0 people found the following review helpful. Four Stars By Customer Great book for school!

Prepare your students for the culturally rich and ethically diverse world in which they will practice. Noted researchers, educators, and clinicians, from a wealth of backgrounds, use the Purnell twelve-step model to examine more than 30 population groups from a health care perspective. Each brings a personal understanding of the traditions and customs of their societies, providing a unique perspective on the implications for patient care.
