0 of 0 people found the following review helpful. great book love reading has all the new changes i ...By william mealey great book love reading has all the new changes i think this will help me pass the exam fast shipping 1 of 1 people found the following review helpful. Transition Series: Topics for the Advanced EMT very good information By D. A. Deharak VERY GOOD UPDATER BOOK CLEAR AND VERY DETAILED INFO WITH OUT BOGGLING THE MIND! IT WORKS FOR ME! NOW I HOPE I PASS MY TEST! 1 of 1 people found the following review helpful. Exactly what I needed! By Kimberly B. I needed this book ASAP and couldn't find it within 100 miles. I love my kindle edition! I can highlight, make side notes, and enlarge small print. It's perfect.

Transition Series: Topics for the Advanced EMT provides both an overview of new information contained within the Education Standards at the AEMT level and a source of continuing education for practicing AEMTs. The text integrates new topics that were not contained in the prior curricula and previous topics that are presented at a much greater depth and breadth. As an EMT or AEMT, being educated and trained under the new Education Standards will provide you with a much greater foundation of knowledge for practicing pre-hospital care.
