Great book for Parents/TeachersBy Lauren HeltonThis text book does an excellent job reviewing evidenced based intervention programs for individuals with ASDs. I feel that it would be much more useful for parents of children with a disorder or for teachers/interventionists who want to know their options than it was for me as a psychology Ph.D. student.0 of 0 people found the following review helpful. Five StarsBy Kathy BuzbyIt has come in handy for school.0 of 0 people found the following review helpful. Five StarsBy CustomerWonderful wealth of knowledge is provided in this text! I highly recommend adding this to your bookshelf.
